We note with sadness the passing in March of E. "Marie" Riley, Winchester, wife for 65 years of JCGS leader Raymond Riley. Marie was thoroughly involved in many volunteer leadership jobs, including Jefferson County Friends of Hospice, 4-H, Winchester City Council, United Methodist Church, Jefferson County North High School, to name a few. She also is fondly remembered laboring in the JCGS research library clipping obituaries and pitching in in her helpful way.

MIDWAY CHAPEL CHURCH HISTORY

By Richard Wellman

Midway Chapel was located in Jefferson County, Kansas, on a one-acre parcel at the northeast corner of what is now known as the intersection of Marion and 62nd. The church lot was acquired on September 19, 1893 from Israel S. Owen. The building was 28 X 40 with a 17-foot ceiling and reported nearing completion in late September 1893. The name "Midway" was chosen as the church was midway between Oskaloosa and Perry. Midway is also a very popular town name, there being 39 in the U. S, according to an internet search. Jefferson County had a village/Post Office named Middletown that existed from 1857 to 1860. It was located about one mile northeast of present-day city of McLouth.

Midway Chapel was a congregation of The Church of United Brethren in Christ, The denomination was organized in 1800 by Martin Böhme and Philip William Otterbein and is the first American denomination that was not transplanted from Europe. It emerged from United Brethren churches that were at first unorganized. In 1889 a controversy over membership in secret societies such as Freemasons, split the denomination, but both blocs continued to use the same name. The majority faction merged with the Evangelical Church in 1946 to become a new denomination, Evangelical United Brethren (E.U.B.). This in turn merged in 1968 with the Methodist church to become the United Methodist church. The minority faction of the 1889 split still exists today and is based in Huntington, Indiana. However, we have none located in Jefferson County.

Jefferson County was blessed to have about 17 rural churches meeting the religious needs of the the rural areas in the first 100 years of its history. The three with an asterisk were all of the denomination of United Brethren in Christ. The numbers in parenthesis are the Section, Township and Range in which each church was located.

In 1937, the Kansas Conference of the United Brethren in Conference sold the land back to Israel Owen. The church building ownership was retained by the church with the stipulation that the building would be removed. This leads me to believe the church building was to be relocated intact to some other property. However, I have not been able to determine such a placement.

Pioneer farm sold. Mr. and Mrs. I. S. Owen have sold their farm home at Midway Chapel, seven miles southwest of Oskaloosa to Robt. Auburn of Hays, Kansas, who will get possession about first of October. The Owens will make visits with children in scattered places before taking up permanent residence.

Mr. Owen [not "Owens"] has resided on this place for 79 years, did his own farming 65 years. His farm was on the old wagon road between Oskaloosa and Perry, which was a regular hack route; and the old Oregon postoffice was at the Owen place. It being midpoint between towns named, the United Brethren chapel erected there in an early day was named Midway. The Owen farm is the last on the old hack route to pass from pioneer hands.
